## WIN \$800K AND START SOMETHING NEW

Welcome to Lottery 220 – your ticket to a future filled with endless possibilities! With an incredible \$800,000 prize waiting for one lucky supporter, there's never been a better moment to turn your dreams into reality. Imagine setting off on a once-in-a-lifetime journey, driving away in your dream car, or enjoying a debt free retirement.

Each ticket you buy goes beyond just a chance to win; it's also a meaningful contribution to empowering the Deaf community throughout Australia. In 2024, the Deaf Lottery helped fund ground-breaking initiatives, including Australia's first news program designed specifically for Deaf and hard of hearing Australians.

## AUSLAN90: AUSTRALIA'S FIRST DAILY NEWS FOR THE DEAF COMMUNITY

Staying informed about what's going on in the world is something most of us take for granted. Whether it's by reading the newspaper, watching TV, or listening to the radio on the way to work – there's a constant flow of information available 24/7, in a multitude of languages and formats.

But until now – one group of Australians have been excluded from accessing daily news in their first language.

In partnership with SBS News and the Federal Department of Social Services; has been able to launch Australia's first daily Auslan news, called 'Auslan90.'

Auslan90 is a daily video, featuring Auslan translations of the day's top news stories in Auslan through a format. Each video is 90 seconds long, accompanied by weekly 'deep dive' segments throughout the weekend providing more detailed coverage of key issues.

Not only does Auslan90 deliver news, but we've also ensured that each story is carefully curated by a Deaf team including certified Auslan translators, content creators and presenters.

It stands as an important case study in accessibility, showing other news organisations that Auslan can be part of the fast-paced media cycle.

The lack of Auslan accessibility in the media has been a long-standing challenge for the Deaf community. While the presence of interpreters during emergency press conferences has been a step in the right direction, Auslan is still largely absent from the regular news cycle.

Accessibility for Deaf Australians creates a level playing field in which important news stories, and current affairs becomes inclusive for all Australians.

## COLLABORATION TO ENSURE A MORE ACCESSIBLE AUSTRALIA

Working with state and federal governments to spotlight the needs and capabilities of the Deaf community is a core part of what we do at Deaf Connect.

Auslan90 is the result of important collaboration with the Department of Social Services, and is financially supported through the Information, Linkages, and Capacity Building (ILC) Program.

It's through partnerships like these that we're able to bring the needs of the community into policy decisions and work towards meaningful, lasting change.

With your help, Deaf Australians now have consistent access to the news and information they need to stay informed and connected to the world. Thank you for making a difference.
